The transfer of the management of the Fund will take place on April 1, 2020.

In close connection with the transfer of the management of the Fund, Adrigo Asset Management AB will discontinue its licensed business and will request Finansinspektionen to revoke all Adrigo Asset Management AB’s licenses.

Change of the fund rules

In connection with the transfer of the management of the Fund, the fund rules of the Fund will be changed, as East Capital will become the Fund's new Fund Manager instead of Adrigo Asset Management AB.

Consequences for the unitholders

The Fund will continue to be managed with the basic principle of a low and controlled risk with absolute return as the target and East Capital intends to contribute to the Fund management with institutional management experience, especially with regard to

sustainability and ownership matters, as well as to provide with resources for further development of the investment team.

East Capital is a global player with over twenty years of management expertise that can ensure a cost-effective and efficient organization and management that fits both the investment orientation of the Fund and its internationally diversified investor collective.

Adrigo Asset Management AB has also delegated the portfolio management of the Fund to East Capital Financial Services AB, org number 556988-2086, a Swedish company and an affiliate to East Capital, which will manage the Fund under the brand "Adrigo Asset Management" bringing the additional management expertise, organization and distribution channels provided by the East Capital Group.
